I have added some thoughts on the other questions to Adaobi's version. I think Carrie can pull together the rest of the info. You will note that I am suggesting that we don't answer some of the questions.

In addition to the template, I want to see 1) Our TSD discussion for El Paso, 2) Any comments we received. 3) Understand any changes between proposed and final TSD.

Adaobi,
For the El Paso remand litigation (DC Cir. 18-1212), can you take a look at questions 8 and 9 for us and fill the template in (I am not sure why OGC is asking the Region to this since it's their case, however...). Appreciate your help – and apologies in advance as there is a quick turnaround of next Wednesday. Thank You!

Subject: O3D Remand - Information request for nonattainment areas associated with remanded counties

Hi All,

Thanks Regions for the reports on your areas affected by the court remand at our workgroup meeting this week! It was helpful. Now we would like for you to prepare pagers on your areas. Attached is a template to use. These pagers will be very useful in evaluating potential options for responding to the remand.

Also attached is the draft briefing for Peter Tsirigotis that describes 5 main options for proceeding with the designations process related to the remanded counties.

The briefings for Peter and for OAR Anne Austin are being rescheduled so that we can review the area information prior to the briefings.

We would like the pagers by next Wednesday, September 9.

Let me know if you have any questions or suggestions.

Thanks again, Carla
